Solo Quest for the Elf

Werewolf's Reign

"My dear Elven friend; your friends have been attacked by an army of wolves and were taken to your home land. Yes, the Elven Forest. There has been a rumor that a man who was obsessed with Chaos Wizardry has turned himself into a chaotic Werewolf and is trying to take over your home as his own. He has manipulated

many of Zargon's Orcs on his way and now has an army of Wolves and Orcs! These Wolves won't turn you into a werewolf, but be warned, for they are still dangerous none the less. He may only be defeated with the sword Moonlight Slash. You must defeat the Werewolf and save your friends before he transforms them too!"

NOTES:

- A** This orc is guarding the entrance to the room. He will not move from his spot, though he may attack and defend as normal. His stats are the following:

Movement	Attack	Defend	Body	Mind
7	2	3	2	3

- B** This wolf is asleep. If the elf stands were the 'B' is, the wolf will immediately attack.

- C** This chest contains 100 Gold Coins.

- D** This chest contains the sword Moonlight Slash. (See new Artifact Card for more details.)

- E** This chest is trapped with poison needles that will deal 3 BP if he doesn't disarm it. Inside is a potion of Healing which can heal up to 4 BP.

- F** When the Elf comes inside the room, they notice their friends on the floor, gasping for air. The Werewolf looks over them and laughs. He then sniffs the air, and turns to see the elf.

"You will suffer as your comrades have suffered! You know about the secret spells of the Elves! Teach them to me or your friends will die!"

(The elf should say no. If he tries to teach them, tell him that his friends beg them not to, for those spells are very important to Elves.) Suddenly, each Hero grows hair, and their shape becomes huge and hairy. Their mouths become snouts, and soon they are werewolves. (Use the werewolf tokens from *Mage in the Mirror*™ and you may use a Polar Warbear as the Werewolf. Hero Werewolf stats as follows:

Movement	Attack	Defend	Body	Mind
8	3	2	3	1

The evil Werewolf's stats are here:

Movement	Attack	Defend	Body	Mind
8	4	3	4	6

If the elf kills Hero werewolves, they become their original stages, but cannot move or attack due to the shock and horror of being a werewolf. Once the evil Werewolf is defeated, he becomes a regular human. *"I'm...so sorry..."* He says weakly. *"Please, spare me..."* If the elf does, the man gets away. If not, he turns him in to the Emperor and receives 200 Gold Coins.

Conclusion

Thank you, my Elven friend. Now your people are safe and so are your friends. The Emperor thanks you as well. Zargon is still on the loose and the Werewolf has really given him time to build up his army. I hope this has made you wiser and even stronger. Be well, my friend.

Mentor

Moonlight Slash

This sword was created by the almighty wood elves to protect them from the coming werewolves many ages ago. It was stored away by the creator to protect it, and to be used again in a time of need. It gives the wielder 3 Combat Dice in attack and will add 1 Combat Die to defense when battling a werewolf. Once per quest, you may roll 1d6. Heal your Body Points by the number on the die. If you rolled a 5 or 6, roll again.
