Moonlight Slash

This sword was created by the almighty Wood Elves to protect them from the coming Werewolves many ages ago. It was stored away by the creator to protect it, and to be used again in a time of need. It gives the wielder 3 combat dice in attack and will add 1 combat die to defense when battling a Werewolf. Once per Quest, you may roll 1d6. Heal your Body Points by the number on the die. If you rolled a 5 or 6, roll again.
